

# We volunteers!

## Long-term volunteer opportunities:

- **Volunteer as a tutor in our learning centers: You'll make a commitment to at least one ten-to-twelve-week session teaching students and changing lives! We currently have opportunities at our Greenville and Simpsonville learning centers. Many of our tutors end up staying onboard with us for years! We ask that even if you find that this opportunity isn't a fit for you, you continue until the end of your current session to allow our program managers time to find a replacement for you.**

For more information about becoming a volunteer, and to connect with a program manager, visit our website at [www.greenvilleliteracy.org](http://www.greenvilleliteracy.org) and click "Become a Tutor".
